

THE **ORHD** KNIT CR3

CR3
CUT LEVEL 3

OIL & GAS HAND PROTECTION

Gain more control during oil and gas drilling operations with the ORHD® Knit CR3. The high-visibility shell is built with 13-gauge machine knit polyester that form fits the hand and delivers CE level 3 cut-resistance to the palm. Thermal Plastic Rubber (TPR) safeguards the knuckles, metacarpals, fingers and thumb from common impact and abrasion injuries. We went a step further and extended the TPR to the tip of each finger for proven pinch-point protection from crushing injuries. On the rig, there's no such thing as too much grip. The palm is padded and equipped with a tacky nitrile dip coating for durable gripping power in dry, oily and wet conditions.

IMPACT PROTECTION

Full-coverage Thermal Plastic Rubber (TPR) knuckle and pinch-point finger protection.

CUT-RESISTANCE

Nitrile dipped and textured palm provides CE level 3 cut-resistance.

FEATURES

1. High-visibility 13-gauge machine knit polyester shell.
2. Thermal Plastic Rubber (TPR) knuckle and metacarpal impact protection.
3. Thermal Plastic Rubber (TPR) impact resistant finger guards.
4. Thermal Plastic Rubber (TPR) pinch point fingertip protection.
5. Nitrile dipped and textured palm provides CE level 3 cut-resistance.
6. 3mm internal palm padding absorbs shock and vibration.
7. Extended slip-on cuff.

CERTIFICATIONS

CE 4341 EN388/EN420

ANSI 124

INTENDED USES

- Oil & Gas
- Industrial Environments
- Heavy Equipment Operation
