

# 555

## Ultra-Light Weight Dexterity, MicroFoam Nitrile Grip

### APPLICATIONS

Metal Fabrication  
Automotive Assembly  
Machinery Maintenance  
Construction; HVAC  
Glass Industry  
Handling Small, Sharp Parts

### FEATURES

In the drive toward lighter, stronger protective gloves, we've reached new levels: ATA® 555 cut resistant gloves. At the core are ultra-light weight, ultra-fine knit gloves that give you amazing dexterity and tactile sensitivity. So comfortable, yet they deliver significant ANSI level A5 cut protection, level 4 abrasion resistance. Next, to give you more control over slippery parts, we gave 555 gloves a MicroFoam Nitrile palm coat that maximizes grip on dry, wet and even oily surfaces. In hot and cold conditions MicroFoam Nitrile stays flexible, ensuring superior grip and dexterity. It's also a great hypoallergenic alternative to natural Latex. To top it off, we reinforced the thumb crotch for longer wear life.

### ATTRIBUTES

STYLE	Seamless knit with coated palm
GAUGE	18 g. Ultra-Light Weight
ANSI CUT	A5
ANSI ABRASION	4
SIZES	XS / S / M / L / XL / 2XL
FIBER CONTENT	ATA® Technology with HPPE and Steel
COLORS	Black
CARE	Machine wash or dry clean
PACKAGING	144 pair per case

PRODUCT NO.	SIZE	
555-XS	Extra Small	Purple
555-S	Small	Red
555-M	Medium	Yellow
555-L	Large	Brown
555-XL	Extra Large	Black
555-2XL	Double Extra Large	Blue
