

# 556

## Ultra-Light Weight Sensitivity, Polyurethane Grip

### APPLICATIONS

Glass Industry  
Handling Small, Sharp Parts  
Metal Manufacturing  
Automotive  
Assembly  
Construction  
General Duty

### FEATURES

Raising the bar for lighter, stronger cut resistant gloves, we've reached new heights: ATA® 556 knit gloves. The core gloves are ultra-light weight, ultra-fine knit to give you outstanding dexterity and tactile sensitivity. So comfortable, yet they deliver significant ANSI level A5 cut protection, level 3 abrasion resistance. Next, to improve on-the-job performance in a variety of applications, we gave 556 gloves a Polyurethane palm coat that maximizes dry and wet grip. Don't let its soft, flexible feel fool you: Polyurethane provides excellent abrasion resistance, and grips well without feeling sticky or tacky. Finally, we reinforced the thumb crotch area for even longer wear life. 556 makes an efficient single-glove option.

### ATTRIBUTES

STYLE	Seamless knit with coated palm
GAUGE	18 g. Ultra-Light Weight
ANSI CUT	A5
ANSI ABRASION	3
SIZES	XS / S / M / L / XL / 2XL
FIBER CONTENT	ATA® Technology with HPPE and Steel
COLORS	Black
CARE	Machine wash or dry clean
PACKAGING	144 pair per case

PRODUCT NO.	SIZE	
556-XS	Extra Small	Purple
556-S	Small	Red
556-M	Medium	Yellow
556-L	Large	Brown
556-XL	Extra Large	Black
556-2XL	Double Extra Large	Blue
